

Lal Lal Wind Farms

Turbine Component Transportation

Notice November 2018

Site and civil works are well underway at Lal Lal Wind Farms. Turbine components will now be delivered to site in readiness for construction.

Transportation of turbine components to site will take place between
26 Nov 2018 – late March 2019 to Yendon and 26 Nov 2018 – late March 2019 to Elaine.

**The first round of deliveries will begin in Yendon:
Week commencing 26th November.**

Exact delivery times may alter in response to delays from delivery agencies, severe weather conditions, traffic incidents affecting proposed routes and under direction from Council, VicRoads or Police.

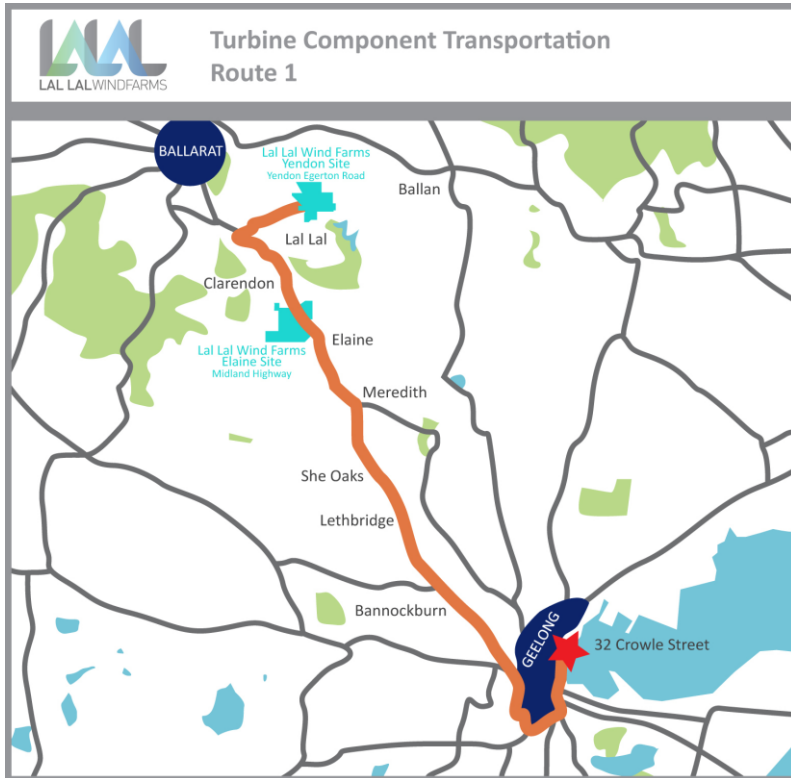

Transportation will involve:

- Travel in accordance with VicRoads, Powercor and Council permit conditions that are listed on the specific permit for each load;
- Have approved warning devices, to alert motorists.

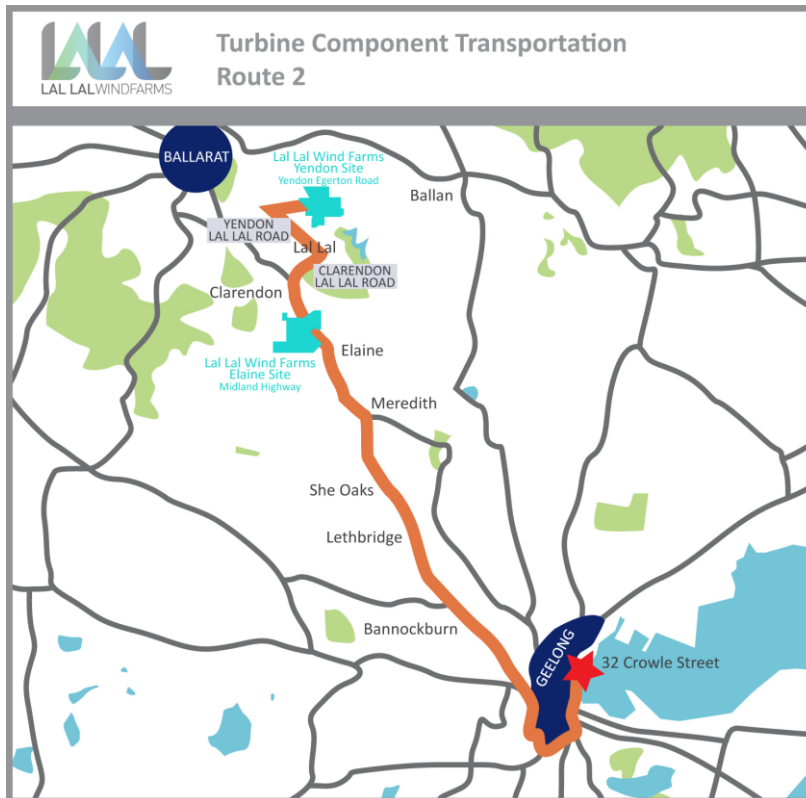

Transport Routes

Components will be unloaded at turbine bases, within the construction sites in Yendon and Elaine. There are 6 transport routes planned to enable all components to reach their final destination.

Route 1 shown below.

Route 2 shown below

Transport Times

Deliveries will generally occur overnight and arrive at the Yendon or Elaine sites in the early hours of the morning to avoid traffic peaks. Some smaller items will be delivered during daytime hours. See below for towns and roads involved in transportation. For further details regarding turbine component transportation, see the fact sheet on the website www.lallalwindfarms.com.au
